

APPLICATION NOTE AN21BP8

Ring Up To 8 Bells Total

The AP21-BP1 and the MC41-BP1 Bell Programmer can have up to 8 bells total when using the 0900-7084 Heavy Duty Power Module. Multiple cable runs can be originated at the AP21-BP1 or MC41-BP1 in order to split the number of bells on each run. Distance to each bell and the wire size will determine how many bells can be connected on each run.

Bell kits are available and include (1) Six Inch 24 VAC Bell, 100 ft of cable, and (1) Weatherproof Box. Bells, Cable, and Weatherproof boxes are also sold individually.
