

APPLICATION NOTE

ANMC-05

CUSTOM WEEKS FOR MC SERIES MASTER CLOCKS (Versions 2.02 and above)

Now it is easy to program those special Monday, Wednesday, Friday schedules.

CUSTOM WEEKS (Wk0 – Wk9)

Up to ten custom weeks can be user defined for the MC Series Master Clocks. This is useful for applications that require the same events on various groups of days of the week. For example: Custom week Wk0 could be defined for Mondays, Wednesdays, and Fridays. Custom week Wk1 could be defined for Tuesdays and Thursdays, etc.

To define Wk0 through Wk9 press [2] [2] [ENTER]

Set Days for Wk0
Days: - M - W - F -

The numbers 1 through 7 correspond to the days of the week. Press [1] for Sunday, [2] for Monday, etc. Press [A] to enter and advance to the next custom week. Press [EXIT] to return to the time display.

To review the custom weeks, press [2] [2] [ENTER], then [A] to cycle through Wk0 to Wk9. Press [EXIT] to return to the time display.

To create Basic Plan Steps with this feature, use the same procedure as entering standard Basic Plan Steps. Now when prompted for the Day or days of the week for a given Step these new custom weeks will appear as choices along with the standard Days.
